

Specification sheet

Dune

The Dune luminaire is a surface mounted bulkhead light which is a cost effective, stylish and excellent alternative to a standard amenity fitting. Built with robust materials and an impact-resistant housing, it's ideal for corridors, stairwells, entrances, service areas, and outdoor walkways. The advanced LED technology ensures long-lasting performance with minimal maintenance, offering excellent lumen output at a fraction of the energy consumption of traditional fittings.

Options

- Dimmable
- Emergency +2W
- Microwave sensor

Applications

- Commercial Properties
- Hospitals
- Retail
- Schools

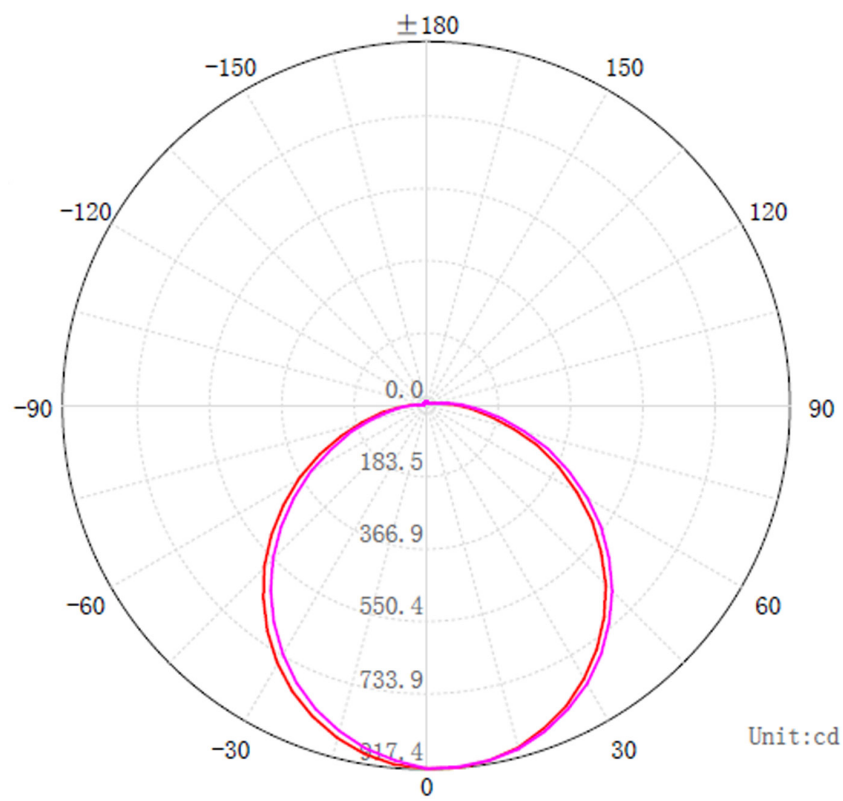

Details

- IP 65 / IK10
- Material : Polycarbonate
- Energy Rating D
- SDCM 3
